Comments:

Dear authors,

Your paper has been conditionally accepted, but it will be published after some minor revisions that you need to make.

1. From TURNITIN checking, the levels of similarity of your article **20%** (total) and **5%** (single). IJASEIT requires the level of similarity should be < 15% (total) and < 3% (single). The results of the TURNITIN check for your paper is in the attached PDF file. Please, rephrase the sentence that is marked by the TURNITIN system as shown in the PDF file.

2. Please, use Mendeley for your citations and references.

All revision should be sent back to us (this email) before **26 June 2019, 1 PM UK time the latest.**

Dear  
Dr. Wahyudin Syam

After discuss with other authors and to prevent the "Salami slicing" with our previous publications, finally we decide to revise the title to become  
**"Dipeptidyl Peptidase IV (DPP-IV) Inhibitory Activity of Ultrafiltration and Gel Filtration Fraction of Gelatin Hydrolysate Derived from Bone of Fish for Antidiabetes"**

We also removing and editing some contents and pictures as well as adding some data of analysis.

Please find our second revision and....  
Hopefully, it would be acceptable

Dear

Pak Rahmat Hidayat

Managing Editor

International Journal on Advanced Science, Engineering and Information Technology (IJASEIT)

Perkenalkan saya "Yoni Atma" author untuk paper No.22 dengan judul "**Dipeptidyl Peptidase IV (DPP-IV) Inhibitory Activity of Ultrafiltration and Gel Filtration Fraction of Gelatin Hydrolyzate Derived from Bone of Fish for Antidiabetes**" yang dinyatakan diterima untuk dipublikasikan di IJASEIT volume berikutnya lewat kala seminar **ISIC 19<sup>th</sup> di Universitas Nottingham, UK** Juni Lalu.

Saya sangat senang sekali waktu itu diberi kesempatan bisa publikasi apalagi setelah seminar langsung dinyatakan diterima di IJASEIT (walau kemudian dengan beberapa kali revisi) dan saya berfikir akan publish volume 4 2019, meski akhirnya tidak, tp saya yakin waktu itu akan di volume 5, artinya masih oktober/november 2019 dan bisa tetap saya klaim sudah publish ke dikti.

Namun, ternyata sampai sekarang belum publish

Saya sangat berharap judul saya diatas bisa dipublikasi untuk tahun 2019 ini sebelum saya memberikan laporan akhir ke DIKTI. Laporan akhir penelitian saya diminta di upload 16 November ini dan saya ingin dengan lampiran bukti publikasi jurnal scopus Q3/Q2 karna memang itu luarannya yang saya janjikan waktu saya membuat proposal.

Penelitian saya 2 tahun i.e 2018-2019. Setiap tahun harus ada publikasi scopus. Tahun 2018 lalu delay dan baru terpublish tahun 2019 (waktu itu masih memperbolehkan krn masih tahun pertama). Tapi, tahun ini merupakan tahun akhir penelitian saya didanai dikti, saya berharap dapat memenuhi janji bukti publikasi scopus ke-2

Disamping itu, saya juga ingin menunjukkan ke DIKTI bahwa partisipasi saya ikut seminar internasional ke Nottingham UK yang menggunakan dana hibah bisa membuahkan hasil berupa publikasi di jurnal internasional terindeks karna memang pertimbangan pertama saya ketika submit abstrak ke panitia ISIC 19th untuk ikut berpartisipasi adalah bisa publish di jurnal IJASEIT

Oleh karena itu saya mengirim email ini dan berharap pak Rahmat bisa membantu mempercepat publikasi judul saya

Demikian email saya agar bisa dimaklumi kondisi dan situasinya

Salam Hormat ,

Bapak Yoni Atma yth;

Artikel bapak sengaja saya pending belum diterbitkan pada nomor 5, dan mungkin diterbitkan pada nomor 6. Alasannya saya sudah sampaikan jauh2 hari ke Panitia ISIC jumlah author di IJASEIT itu maksimal 6 orang. Itulah rule yang harus dipenuhi terima kasih.

Kalau bapak mau cepat-cepat publish bapak bisa batalkan/withdraw dari IJASEIT dan kirimkan ke Jurnal yang lain yang bisa lebih cepat.

Best regards

Panitia isic tidak memberikan info.ttg ini...saya baru dpt info dr email.ini saja (ttg 6 orang author)

Aturannya dimana ya tertulis...

Menurut pemhaman saya bukahkan sebagai akademis dan scientis kita harus mengaprisasi setiap kontribusi peneliti lain meski itu kecil. Oleh karena itu di paper itu saya menulis nama2 semua yg berperan.....ini jg cara sy membesarkan hati kolega sy dan sy berharap dpt pahala dari situ. Krn baru itu yg saya bisa...

Jadi kalau bisa kesemuanya di tulis pak
