Dear Associate Prof. Dr. Ni nyoman sawitri,

(Co-authors, you are copied into this email for information purposes only.)

Ref: Article title: "FDPM after the Global Price Crisis in the Coal Industry "
Submission code: IJMEF-16258

I am pleased to inform you that your article has been accepted for publication in Int. J. of Monetary Economics and Finance.

You now need to upload the final revised version for this article and your author copyright agreement form(s) or your Open Access order form.

The reviewers' comments are added to the end of this email for your information. There may be some useful suggestions for improving your final version.

*** INSTRUCTIONS ***

Log in to the Inderscience Submissions system. There is a reminder facility there if you have forgotten your username or password.

Then click on the following link, and you will be taken to the correct section for uploading:

<https://www.indersciencesubmissions.com/track/index.php?action=submissiondetails&intSubmissionId=16258>

1. Scroll down the page to the section called "Peer Review Progress".

Click on "Edit metadata" to make any required corrections to the title, abstract or keywords. Please also review carefully for any spelling or grammatical errors.

Remember to click the "Submit" button to save your changes.

2. Returning to the "Peer Review Progress section", at the "Type of Article" drop-down list, select whether the article is a "Standard" article (the default) or an "Open Access" article.

If you are submitting an Open Access article, you will need to upload a completed OA order form.

(See more information on the Inderscience web site at
http://www.inderscience.com/info/inauthors/author_oa.php)

Select the Licence Type, and then move onto point 4 on this list.

3. For Standard articles, use the "Browse" or "Choose file" button to locate and insert your signed Author Copyright Agreement Form.

If there is more than one author, please submit forms all together in a zipped file. We must receive a signature from every author on a separate form.

It is not acceptable for one author to sign on behalf of the other authors.

The Author Copyright Agreement Form (and instructions on how to sign and submit it) can be found on the Inderscience website at
http://www.inderscience.com/info/inauthors/author_copyright.php

If you are submitting an Open Access article, you do not need to submit a copyright agreement form.

4. Next you need to insert the final version of your article.

Right-click on the file name next to "Author's original submission", or "Author's revised submission" if you previously made changes, and save it on your computer.

Open this file and remove your reply or any response to reviewers that might show at the beginning of your article.

Re-insert any author details, such as name, email addresses, institution and biographical statements in the first page of your file.

Save your changes and rename the file "authorFinalVersion.doc" or "authorFinalVersion.docx".

No other files types are accepted.

(if this is a LaTeX file, please upload a pdf version as a supplementary file).

Now return to our submissions system, and use the "Browse" or "Choose file" button to insert this file.

5. Check that you have done all 4 steps as indicated above and then click the "Upload" button to submit the final version of your article and accompanying documents.

Thank you! Your continuing cooperation is most appreciated.

With kind regards,
 Prof. Bruno S. Sergi (Editor)
